# BIDEN ADMINISTRATION AND INFLATION

# Which do you think should be a higher priority for the federal government?

Focusing on short term goals like inflation and the border.

Focusing on long term goals like climate change and health care reform.

# DEMOCRATS IGNORING AMERICANS

Republicans are saying Democrats are driving the inflation crisis with out-of-control spending, undermining American energy, ignoring crises like the Southern Border and rising crime, and driving the economy into a recession.

In your opinion, do you feel President Biden and Congressional Democrats are “ignoring the needs of everyday Americans”?

# STOPPING INFLATION

In your personal opinion, do you think President Biden and Congressional Democrats are doing enough to stop inflation?

# CHECKS AND BALANCES

Do you agree or disagree with the following statement?

"Democrats have unchecked control of the House, Senate, and White House. They continue to make harmful decisions, politicizing our institutions. Checks and balances are needed now, more than ever."

# STUDENT LOAN DEBT FORGIVENESS

Thinking about President Biden canceling \$10,000 in student loan debt, please tell me which statement you agree with more even if neither is exactly right.

Canceling student loan debt for Americans who made the decision to take on the loans is unfair to the Americans who never went to college and will pay for the loan cancelations through their taxes.

Canceling up to \$10,000 of student loans was the right thing to do because the American Government can afford it, carrying the debt is an extremely heavy burden and once the debt is gone people will be able to spend money more freely.

# BUYING YOUNG VOTES

Do you agree or disagree with the following statement?

"President Biden used student loan debt cancelations to buy votes from young voters just before the midterm elections in November. It was a political decision."

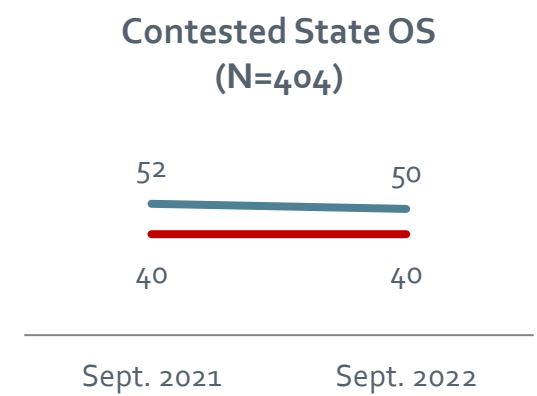

**AFGHANISTAN**

# BIDEN'S PRESIDENTIAL FITNESS

Now, please tell me if you agree or disagree with the following statement?

"Biden's mismanagement of the pullout from Afghanistan shows that he is not fit to be President."

# INFLATION REDUCTION ACT

# TIME TO RAISE TAXES

Another aspect of the bill raises taxes by roughly \$400 billion over the next decade even as the country may be in a recession and inflation remains at a 40-year high. Do you think now is the right time to raise taxes?

A stylized world map composed of a grid of dots, with the text 'IRAN DEAL' overlaid in the center. The map is rendered in a light blue color against a darker blue background. The dots are arranged in a grid pattern, with some dots missing to form the outline of the continents. The text 'IRAN DEAL' is written in a bold, white, sans-serif font, centered horizontally and vertically over the map.

# IRAN DEAL

# PRESIDENT BIDEN'S IRAN DEAL

As you may know Iran is the number one state sponsor of terror and provided lethal weapon assistance in warfare against American troops in Iraq and Syria, has sought to assassinate America's former secretary of state, and is actively developing a nuclear bomb.

With this in mind, do you support or oppose Biden's decision to enter an "Iran Deal" that removes sanctions on the country, allowing funds to flow to it, without any measure of accountability for the country's past or future aggression towards the U.S.?

# BABY FORMULA SHORTAGE

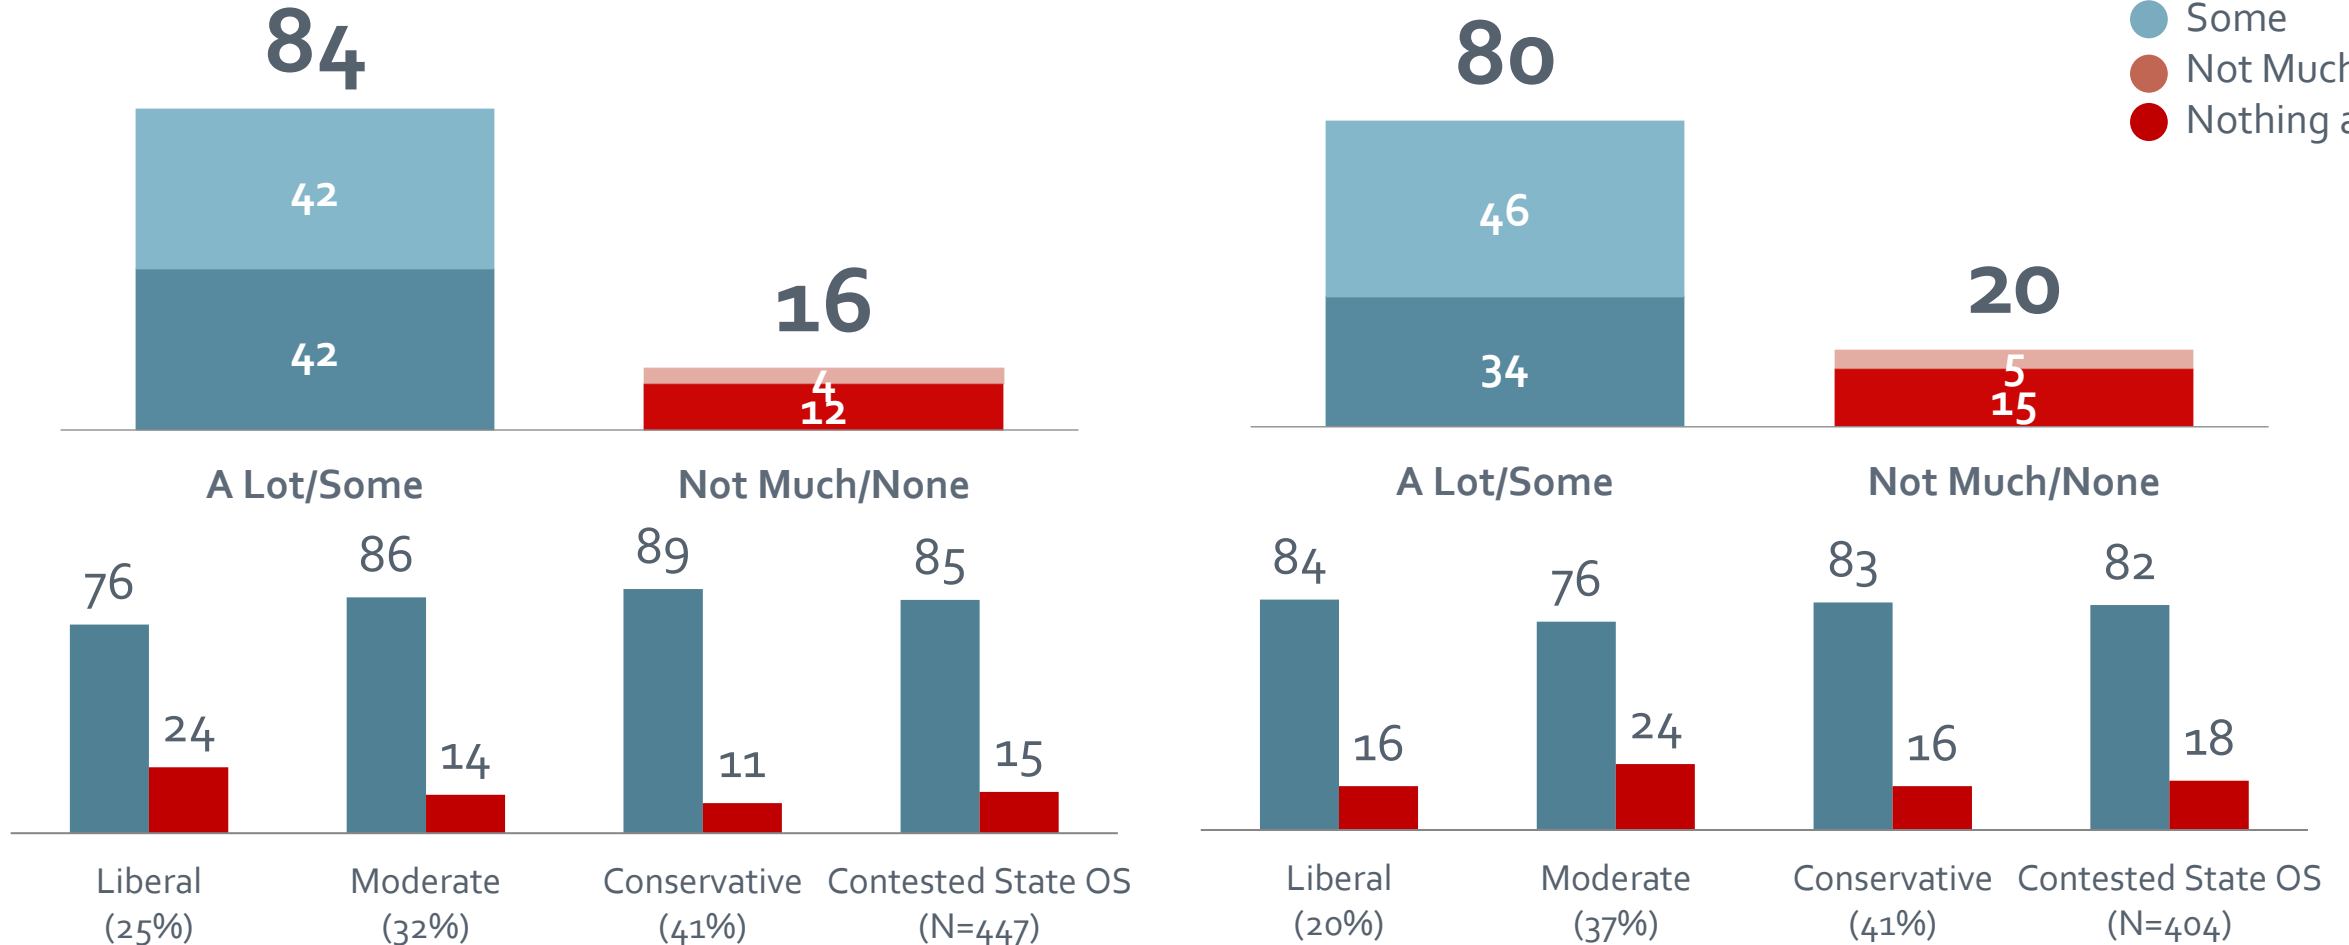

# BABY FORMULA SHORTAGE AWARENESS

How much have you seen, read, or heard regarding a national shortage of baby formula?

June 20th

Sept. 4th

- A Lot
- Some
- Not Much
- Nothing at All

## Which statement do you agree with more even if neither is exactly right?

The baby formula shortage is, at least partially, the result of policies from President Biden and the Democrats like the FDA shutting down formula manufacturers long after they were certified as safe and blocking formula imports from our trading partners.

The baby formula shortage is the result of general market forces, and should not be blamed on Democrat policies.
